

ARCHITECT

Registered in the state of PA, experienced in the design & planning of commercial/industrial projects and adept at preparation of construction documents? Here you can handle the technical side of Prospect proposals – prepare floor plans, site plans, renderings, specs, space planning while also seeing project through completion. Advance your career with Mericle!

BUILDING MAINTENANCE

Skilled tradesmen needed to help maintain close to 13 million SF of commercial space all local to NEPA. Should be experienced in general commercial building maintenance, including electrical power systems, plumbing, and commercial roof maintenance.

HVAC INSTALLATION TECHNICIAN

Have commercial HVAC experience and want to take on Lead role? Must be familiar with installation of packaged rooftop units, split and ductless split systems and have fabricated and installed fiberboard ductwork.

NEW OPPORTUNITIES PENDING

If none of the above is a match, we are always growing and will be keeping an eye out for Safety & Risk Managers (have you managed safety programs and/or material & equipment inventory?) and Mechanics (to repair small engine equipment, commercial vehicles and lifts). Feel free to see “Next Steps” because we want to hear from you!

LANDSCAPERS

Experienced in mowing, line trimming, planters, mulching, weeding, and willing to perform semi-skilled labor? FULL TIME, YEAR ROUND work with FULL BENEFITS. Includes paid time off, paid holidays, paid medical and annual bonus.

CONSTRUCTION SUPERINTENDENT

Have commercial construction experience as a Super, Foreman or Skilled Laborer and want to take the next step in your career? Our Supers coordinate all construction activities to keep projects on schedule.

IT PROFESSIONALS

Calling all Project Managers, Business Analysts, Software Engineers: if you're an IT expert, we need you to help improve business processes using effective technology solutions.
